Introduction

The Forum List is simply a massive list of different types of forums available online listed by category. You can use these forums to gain knowledge, make friends and increase your website traffic and/or profits.

Before you continue, you need to realize this list is not even close to the amount of forums available; it's simply a starting point. To find others, you can simply visit any search engine and search for what you are interested in and include the word "forum" as a separate part of your search.

Example: "internet marketing" + forum

Side Note:

If you are looking to save time, generate targeted traffic, build credibility and make money – Forum Fortunes is your solutions!
